Understanding Your Landscaping Company What You Offer

Tell us about your landscaping/lawn care company, how it started, how long you've been operating, what you specialize in, and what type of customers you serve.

Bradley’s Mowing & Landscaping is a locally owned and operated outdoor property maintenance and landscaping company based in El Reno, Oklahoma.

Our business was built on hard work, reliability, and taking pride in every project we complete.

What started with lawn mowing and routine yard maintenance has expanded into landscaping, property cleanups, drainage improvements, grading, yard leveling, brush clearing, and other outdoor property improvement services.

We work with homeowners, businesses, property managers, and customers needing everything from routine maintenance to more challenging property projects.

Our goal is to provide dependable service, honest communication, fair pricing, and quality workmanship while building lasting relationships with our customers.

We are more than a lawn mowing company. We are building a business customers can depend on for complete outdoor property maintenance and improvements.

Honest Estimates

We discuss project expectations and provide estimates before starting approved work.

Reliable Communication

We believe customers deserve clear communication and dependable service.

Residential & Commercial Experience

We work with homeowners, local businesses, property owners, and commercial customers.

Long-Term Customer Relationships

Our goal is to earn repeat business through quality work, fair treatment, and customer satisfaction.

what does a process look like for getting a new customer? Such as they call or complete a form> inspection> estimate> Build etc.

1. Initial Contact: Customers reach out by phone, Facebook, or the website.
2. Project Details: We discuss the services needed, property location, and customer expectations.
3. Property Evaluation: We review photos or schedule an on-site visit when necessary.
4. Estimate: We prepare an estimate based on the project scope, labor, equipment, and materials.
5. Customer Approval: Once the estimate is approved, we arrange scheduling.
6. Project Completion: We perform the agreed work with attention to quality and detail.
7. Invoice & Follow-Up: We provide an invoice and discuss any future maintenance or additional services.

I would like the website to have an easy-to-use estimate request form that allows customers to upload photos, select the service they need, and provide their property address.

Key competitors - Please list a few

Our main competitors are local lawn care, landscaping, grading, and property maintenance companies operating throughout El Reno, Yukon, Mustang, and surrounding areas.

Rather than copying competitors, we want to stand out through dependable service, professional communication, attention to detail, and the ability to provide a wide range of outdoor maintenance and improvement services.

I want our website to reflect a business that can handle everything from regular lawn maintenance to more demanding property projects.

Owners/ Partners and their vision

Anthony Bradley — Owner & Operator

I started Bradley's Mowing & Landscaping because I wanted to build something of my own and create a company based on hard work, dedication, and quality workmanship.

I've always enjoyed hands-on work, operating equipment, solving problems, and taking on projects that transform and improve properties.

My vision goes beyond owning a basic lawn mowing business.

I want to continue growing Bradley's Mowing & Landscaping into an established outdoor property maintenance and improvement company serving residential and commercial customers.

My future goals include expanding our landscaping capabilities, taking on larger grading and drainage projects, investing in additional equipment, developing commercial maintenance contracts, and building lasting relationships with homeowners, builders, contractors, and property managers.

As the company grows, I hope to create opportunities for additional employees while maintaining the same quality and personal service the business was founded on.

I believe in working hard, keeping my word, treating customers fairly, and taking pride in the finished product.

My long-term goal is to build a company that people trust, recognize, and recommend throughout our communities.
